

Applications for Sullins Connectors:

- Aircraft Electronic Controls and Radio Communications
- Computing Equipment and Peripherals
- Consumer Electronics and Household Appliances
- Office Equipment
- Automotive Electronics and Accessories
- Casino Gaming Devices
- Medical Devices
- Industry Machinery and Process Control Equipment
- Telecommunication
- Vending Machines
- Burn-in Ovens and Test Equipment
- And more...

The Sullins Advantage

- Five-day Lead Time*
- Free Samples – Fast!
- High Quality and Reliable Connectors
- Engineering Design and Technical Support
- Connector Experts at Your Service Assist with Specific Project Requirements
- Design and Build Custom Parts to Suit Your Needs
- RoHS Compliance

Card Edge Connectors

Features and Benefits:

- Available in temperatures up to 250°C for demanding thermal applications
- Available in a large variety of male and female connector types for all kinds of applications
- Comes in 1mm, 0.050", 0.100", 0.125", 0.150" and 0.156" contact centers
- Available in insulator height of 0.431", 0.550", 0.610" and 0.720"
- Comes in various plating options, including full gold, selective gold, and pure tin
- Choices of pin style, including dip solder, eyelet, press-fit, and wire-wrap are available
- Large selection of termination types and mounting styles are available for various applications
- Features high mating cycle for all our connectors for long-lasting usage
