

Applications for Sullins Connectors:

- Aircraft Electronic Controls and Radio Communications
- Computing Equipment and Peripherals
- Consumer Electronics and Household Appliances
- Automotive Electronics and Accessories
- Casino Gaming Devices
- Medical Devices
- Industry Machinery and Process Control Equipment
- Telecommunication
- Burn-in Ovens and Test Equipment
- And more...

The Sullins Advantage

- Five-day Lead Time*
- Free Samples – Fast!
- High Quality and Reliable Connectors
- Engineering Design and Technical Support
- Connector Experts at Your Service Assist with Specific Project Requirements
- Design and Build Custom Parts to Suit Your Needs
- RoHS Compliance

ISO9001
CERTIFIED

COMPLIANT

High Density Card Edge Connectors

Features and Variations:

1mm and 0.050" Card Edge Connectors

- 0.050" Card Edge now available in 200 °C and 0.488" low profile
- 1mm and 0.050" available in 125 °C and 150 °C for high demand thermal applications
- Variable termination types, mounting styles, and material
- Verified reliability for 500 to 5000 cycles, depending on selected material and mating board
- Variable card slot widths, including 0.031" and 0.062"
- Optional molded key slots and card guides

High Power Bi-level Card Edge Connectors

- The only 0.050" connector in the market rated at 3 Amps
- Available in 125 °C and 150 °C for high demand thermal applications
- Compatible with both 0.050" and 0.100" contact centers
- Verified reliability for 500+ cycles
- Variable card slot widths and depths with optional molded key slot
