

## Applications for Sullins Connectors:

- Aircraft Electronic Controls and Radio Communications
- Computing Equipment and Peripherals
- Consumer Electronics and Household Appliances
- Office Equipment
- Automotive Electronics and Accessories
- Casino Gaming Devices
- Medical Devices
- Industry Machinery and Process Control Equipment
- Telecommunication
- Vending Machines
- Burn-in Ovens and Test Equipment
- And more...

## The Sullins Advantage

- Five-day Lead Time\*
- Free Samples – Fast!
- High Quality and Reliable Connectors
- Engineering Design and Technical Support
- Connector Experts at Your Service Assist with Specific Project Requirements
- Design and Build Custom Parts to Suit Your Needs
- RoHS Compliance

## High Power Connectors

### Features and Benefits:

- Mixed high power/signal connectors (Sullins 'SBP' line)
- Capable of 30 amps per power contact (1A per signal contact)
- Made with LCP and high conductivity copper alloy
- Right angle, straight and press fit terminations
- Up to .000030" selective gold plating available
- All series have mating male and female portions
- Hot-pluggable
- High-reliability contact design
- **Customizations available**
